A program in collaboration with the

STIFTUNG TOPOGRAPHIE DES TERRORS

Dear Sir or Madam,

We are in the process of finalizing the program for a conference on **Spanish Deportees in Nazi Camps: History and Memory** to be held in **Berlin** on **September the 7th**. There will be several presentations about the deportation of Spanish citizens, about the politics of remembrance in Europe and about Neo-Nazism in Germany and Spain.

Talks will be held in German or Catalan, with simultaneous interpreting into German English and Catalan.

We are also working on the schedule for a workshop on **September the 8th**. Our goal is, first of all, to introduce to you the **online database on Spanish deportees** to the Nazi camps developed by Memorial Democràtic and Pompeu Fabra University. This is the largest and most complete database about this episode of Spanish and European history. We would like to explain the database to you and to give you the possibility to have access to it.

On the morning of **September the 8th**, we would also like to discuss possible modes of collaboration on research and diffusion of research about the deportations to Nazi camps. As you may know, the Memorial Democràtic and the Pompeu Fabra University received funding from the European Commission for this year to promote diffusion and research in the context of the history of National Socialism and Fascism. We intend to renew this funding for 2011 and, this time, we would like to have you as a partner in the project. We believe that September the 8th would be a good opportunity to discuss this.

This workshop will be held in English. We would appreciate it if you could confirm your attendance. You will find attached a provisional list of participants. If you know of any other institutions you believe should be invited, please let us know.

If you have any questions please do not hesitate to contact us

With our best regards,
